INSTRUCTIONS FOR ZOLEDRONIC ACID INFUSION REFERRAL FORM

SA Infusion Services is excited to announce that we have worked closely with the IT team at **Genie Clinical Software** to create a **fillable referral form which can easily be completed within Genie itself!**

1. Within Genie, navigate to the top panel and click “Special”. In the drop-down menu that will show up, click “Software Updates”, then click “Forms” and finally click “New”

2. In this Software Updates window, scroll down to “Zoledronic Acid Infusions” and **tick the checkbox** in that row

3. Once the checkbox is ticked, click the **“Import 1 item”** button at the bottom of the window

4. Once you have completed and signed the **“Zoledronic Acid Infusions”** Referral Form in Genie, simply attach the required blood test results, and email all of the documents to info@sainfusion.com.au
